Rewiser is definitely one of the best, if not the best, standardized test prep centers. As a former student, I found their classes (both Math and English) to be helpful and their teachers knowledgeable. However, the most important part, in my opinion, was the abundance of test/practice material. For the ACT, I was able to access more than 35 different tests as well as a plethora of practice questions. The SAT resources were even more expansive, with questions taken from a variety of different resources to help students get the most comprehensive preparation. Overall, I would recommend this too anyone wishing to attempt a competitive standardized test like the SAT/ACT, as Rewiser will definitely give you an edge.
